Respectfully submitted,

FRED B. BROOKS,

Treasurer Library Trustees.

## REPORT OF SCHOOL BOARD.

In our annual report we desire to say to the citizens of Greenfield, that we have endeavored to do our duty in the matter of schools and render to all of the pupils a good degree of instruction, to that end we have labored according to our best ability. In regard to teachers we have striven to select those who were fully competent to do the work which was assigned them, and as a rule your committee have been very fortunate in securing those who have been faithful to their trust, and under their guidance, the schools have made marked improvements. As a rule the schools have been well attended, although sickness and other unavoidable circumstances have debarred some of the pupils from attending all of the time, then again there are others who could and ought to have attended much more than they have, in after years when it is to late, they will look back and say, how I missed it that I did not improve the opportunity which was my privilege. Now in the coming year let all of the scholars form this resolution, "I will attend school every day and do all that I can to make life a success." Now we would not have you think for a moment that all the blame rests with the truant pupil for it is not so, it rests in a great measure with the parents, who should commence with their children as soon as they are of school age, and make them to understand that the schools are for them and that they must attend. With those rules laid down and strictly adhered to, we think in a short time there would be no pupil playing truant. Now in the coming school year let all do the best they can and strive to make it the banner school year for Greenfield.

Quite a sum of money has been expended during the past year in needed repairs on our school buildings. The one in the village and the one at the south part of the town have been newly shingled, about 30 M. of the best quality of cedar shingles were used upon the village school house, and now the building is in the best of repair throughout.

A large number of our citizens have availed themselves of the opportunity to visit the schools during the past year, and we are pleased to note the fact for that is as it should be. Go into the schools and see your children work, watch them and give them all the encouragement possible, we have many bright scholars and with proper training and a liberal education they are bound to make their mark in the world. It is the children of today who must take the cares and responsibilities of business upon their shoulders to-morrow, now in view of this fact

it is expedient that we all work together to make our schools a success, and to fit the children for the duties that will devolve upon them.

MASON L. WHITE,	} School Board of Greenfield.
ELIJAH H. CLOVER,	
MRS. JENNIE M. HOPKINS,	

### TEACHERS.

The teachers of the past year, their schools and salaries are as follows :

#### CENTER GRAMMAR SCHOOL.
